

NO GATES OR LOAD-BINDERS NEEDED!

- Tenacitex curtains look and behave like normal curtains and are the lightest, and easiest to handle, load restraint curtain on the market.
- Tenacitex curtains can be retro-fitted to any truck or trailer that is built to industry standards and legal requirements.
- Tenacitex curtains do away with the need for gates; saving cost, time, injuries, weight, fuel and emissions.
- Tenacitex curtains have an engineer's Certificate of Load Restraint Compliance that is available on our website.
- Tenacitex curtains conform to the Load Restraint Guide for 1400 kg per pallet space for side loads.
